EXPAND HOME VISITING

To meet the diverse needs of families and communities throughout the Commonwealth, Virginia is home to seven evidence-based models of home visiting. Those programs are CHIP of Virginia, Early Head Start, Healthy Families, Healthy Start/Loving Steps, Nurse Family Partnership and Parents as Teachers.

Virginia's Home Visiting Programs:

While these programs cover 123 out of 133 localities, we are serving less than 10% of families that would benefit from home visiting.

Percentage of At-Risk Children Served by Home Visiting Programs (SFY 2019)
